

## 牙科部2019年SCI學術論文發表

編號	姓名	文章題目	刊物名稱	卷期	類別
1	陳元武	Mouth-opening device as a treatment modality in trismus patients with head and neck cancer and oral submucous fibrosis: a prospective study	Clin Oral Investig	2019 Jan;23(1):469-476.	Original Research
2	蘇琦君	Detection and location of second mesiobuccal canal in permanent maxillary teeth: A cone-beam computed tomography analysis in a Taiwanese population	Arch Oral Biol	2019 Feb;98:108-114.	Original Research
3	謝義興	OCT4B mediates hypoxia-induced cancer dissemination	Oncogene	2019 Feb;38(7):1093-1105.	Original Research
4	陳元武	Full mouth reconstruction with immediate implant placement in multiple extraction sockets	J Dent Sci	2019 Mar;14(1):99-100.	Case Report
5	邱賢忠	Ameliorative effect of hesperidin on ligation-induced periodontitis in rats	J Periodontol	2019 Mar;90(3):271-280.	Original Research
6	黃仁勇	A novel 3D-printed computer-assisted piezocision guide for surgically facilitated orthodontics	Am J Orthod Dentofacial Orthop	2019 Apr;155(4):584-591.	Case Report
7	陳元武	Comparative evaluation of autofluorescence imaging and histopathological investigation for oral potentially malignant disorders in Taiwan	Clin Oral Investig	2019 May;23(5):2395-2402.	Original Research
8	陳元武	Anti-oral cancer effects of triptolide by downregulation of DcR3 in vitro, in vivo, and in preclinical patient-derived tumor xenograft model	Head Neck	2019 May;41(5):1260-1269.	Original Research
9	張維晉	Comparison of the hospitalization period after microvascular reconstruction flap in trismus patients: free anterolateral thigh flap versus free forearm flap	Clin Oral Investig	2019 Jul;23(7):2951-2957.	Original Research

10	宋承恩	Association between periodontitis and cognitive impairment: analysis of national health and nutrition examination survey (NHANES) -III	J Clin Periodontol	2019 Aug;46(8):790-798.	Original Research
11	張維晉	A histopathological evaluation and potential prognostic implications of oral squamous cell carcinoma with adverse features	Oral Oncol	2019 Aug;95:65-73.	Original Research
12	邱賢忠	Risks of angled implant placement on posterior mandible buccal/lingual plated perforation: A virtual immediate implant placement study using CBCT	J Dent Sci	2019 Sep;14(3):234-240.	Original Research
13	謝義興	Macrophage phenotypes and Gas6/Axl signaling in apical lesions	J Dent Sci	2019 Sep;14(3):281-287.	Original Research
14	陳元武	Huge lipoma in the left submandibular region	J Dent Sci	2019 Sep;14(3):330-331.	其他類型
15	謝義興	Chronic obstructive pulmonary disease combined with vertebral compression fracture increases the risk of temporomandibular disorder: A population-based cohort study	Medicine	2019 Sep;98(37):e17162.	Original Research
16	邱賢忠	Thyroid hormone-induced expression of inflammatory cytokines interfere with resveratrol-induced anti-proliferation of oral cancer cells	Food Chem Toxicol	2019 Oct;132:110693.	Original Research
